Grand Canyon Gateway Fueling

Nestled in the high desert, Williams, Arizona welcomes tourists from around the world visiting the Grand Canyon and a well-preserved stretch of the historic Route 66, one of the nation's original and most iconic highways. UES soon will complete a $1.2 million project to provide compressed natural gas service to the new Love's Travel Stop on Interstate 40 in Williams, which opened in April, adding new jobs and boosting regional economic development. **Read more**
